

Policy 2.2.10 [C]: (Effective 1/19/02)

By 2001, a Lake Lafayette Special Development Zone shall be adopted to minimize further degradation of Lake Lafayette. Determination of the area to be included within the Special Development Zone shall be based upon buffers for watercourses and water bodies consistent with the Comprehensive Plan, and the topography, soil erodibility, 100-year floodplain, and existing land uses within the Lake Lafayette watershed. The Special Development Zone shall have applicable development criteria based on the best available scientific information derived from ongoing surface water quality and lake ecology monitoring, studies of the relationships between land use and stormwater in the lake's watershed, and coordination with Department of Environmental Protection and other public agency ecosystem management-related activities.
